

VMX-1

Specification

- | | |
|----------------------------------|-------------------------|
| 1. Imaging magnification: | 1X (200mm focal length) |
| 2. Size of Image field: | 4/3' (Diameter:22.5mm) |
| 3. Max Entrance pupil diameter: | ϕ 12mm |
| 4. Imaging wavelength: | visible light |
| 5. Illumination wavelength: | visible light |
| 6. Illumination lens mount type: | 8mm point light source |
| 7. Objective lens mount type: | M26X0.706 |
| 8. Customize magnification : | 0.96X、0.7X、0.63X |
